What is Xchange?

Xchange has been the exclusive/ private network of LCH Business' Clients for the past 3 years. The ability to **interface** directly with CEO, **Lindsey C. Holmes**, to receive **targeted content** delivered right to their inboxes/ Evernote accounts, and have monthly **webinars** delivered by the LCH Team and other industry professionals for personal and staff development, has proven invaluable for our network formerly of CEO/ High Level Executives in the Corporate, Government and Nonprofit sectors. Since becoming an open network in the past year, we have been able to diversify our content and build a network of users excited about Social Media, GTD, Evernote, Small Business and how it all fits.

Xchange challenges the need to **GROW, CREATE** and **CHANGE!**
