"Thank you so very much. The Protocol training was wonderful. I am a witness and beneficiary of your trainings. Every subject you covered is a reality in what we always need to do. Thank you again. Please organize again and come back here and present more protocol workshops. I know the response will be wonderful. Our Government will always support you."

TESTIMONIALS

"I want to tell you – your presentation today was just what I needed to take me to the next level. I now have some homework and some refreshing of old bad habits too work on! I would have loved the opportunity to talk in person and learn more about your company and background. I will check out your sites over the weekend and mention your presentation at my weekly development meeting. Your topic would help us all perform better and improve our development efforts for my organization - CHRISTUS Foundation for HealthCare."

**-Elizabeth Urtado-Holzheuser,
CHRISTUS Foundation for Health Care**

"You were absolutely delightful. I'm glad to know the proper placement of a nameplate, how to make the appropriate eye contact and stand when giving a handshake, all reminders of what I learned so long ago at the Air Force Academy. Even though I'm consistently the top producer in the office, I can see that I'm missing the boat on the networking because I spend too much time networking with associates and friends at these functions. I'll have to use your Buddy strategy to 'work the room in the most effective manner possible. Once again, thanks for all of your ideas, your bubbly presentation and your positively infectious attitude."

"I would just like to commend you on your presentation. You were most wonderful. I told you that I would give you a 'plug'/referral and I did. Please see the email below that was sent to the NJ Superior Court-Hudson Vicinage training coordinator.

*Good Morning Rebecca,
I am emailing to inform you that I attended a wonderful seminar/training over the weekend about 'Effective Networking'. Just let me state that the trainer was most wonderful. She was enthusiastic, interactive, and was able to relate well to the participants. I would like to recommend her for trainings here at the Judiciary. The name of the company is Protocol, Inc."*
